AGO.—The incision was performed with a red hot knife, that the divided vessele seared and charred like that the divided vessele seared and charred like the optract might beginn played and so knife, that the divided vessele seared and charred by the contact might become plugged, and so prevented from bleeding. Effective for the line stant, the force of the circulation quickly overpowered the slender obstruction, and fatal hemorrhage, sooner or later, took place. Yet this plan continued in vogue down to the discovery of the ligarne, in the sixteenth century, and was practiced even later in Germany. According to another fashion, the surgeon, after making a tedious division of the flesh if which to the bona, with sing in did endeavor not to divide the arteries until the di d endeavor not to divide the arteries unfil the

SOAP, Touisville, Ky.

We offer this Soap to the public with the full assurance that, if the directions given are carried out it will save time labor and money. All we ask is a lair trial; then let it stand upon its own merits. Among ther advantages of this overother Washing Soaps, the fillowing blay be mentioned:

1. This Soap is warranted not to injure the fabric.

2. But om-shalf the time and labor will be required to lo a washing hy ming this Soap in preference to any other.

3. The eloties mend but ittle rubbing, and, in most success no boiling.

4. For washing hands it is greatly superior to any contact of the standard of the stan 125 TUNS SODA-ASH In store and for sale hy conswall & free the a the surpassed for temoving Ink, Tar, and the surpassed for temoving Ink, Tar, and the Sos Spots, also for cleaning Painte.

The superiority of this Soap consists in its not coning any access of Alkalics, and the materials used dering it more mild than any other known Washing

10.5 In St Sour As It is undoubtedly the best Family Soap extant, and currented to give perfect satisfiaction, or the money
